INSTRUCTION MANUAL Electric Towel Warmer

MORZZE
Beyond Excellence...

CONGRATULATIONS !
on your purchase of a
MORZZE Product

To ensure its longevity and maintain its beautiful appearance, it is important to follow these care and cleaning instructions. Please read this manual thoroughly before using the product.

Getting Started

This package includes:

- 1 x Electric Towel Warmer
- 4 x Legs
- 4 x Mounting Brackets
- 4 x Wall Plugs
- 4 x Wooden Screws
- 1 x Allen key
- 1 x Mounting Template

Additional Tools Required (which are not included):

- Cross Head Screwdriver
- Pencil
- Drill Bits (6mm)
- Drill Machine

Fitting Instructions:

- Remove the mounting brackets from inside the legs by releasing the grub screws with the Allen key provided.
- Attach the legs to the towel warmer using the machine screws (fitted in the towel warmer) & a cross head screwdriver.
- For safety reason, the lowest rail of this appliance should be installed at least 600mm above the floor.
- Use the given mounting template to mark the four wall bracket positions.
- Drill a hole in the centre of each of the four marked mounting positions and insert the wall plugs provided.
- Now fix the wall brackets in place using the wooden screws and a cross-head screwdriver.
- Fit the towel warmer to the mounting brackets installed on the wall. You may need assistance to hold the rail in place.
- Tighten using the grub screws with the Allen key provided
- Connect the wire to your electrical supply.

Operation Instructions:

- Turn On: Tap the power button to turn on the device
- Temperature Setting: Tap the power button to change the temperature by a step of 5°C (till 60°C).
- The digital screen stops flickering when the device is not operated for 5 seconds after setting the finalized temperature & the device starts heating to the desired temperature.
- Timing Settings: Tap the clock button to increase the time by a step of 1 hour (till 8 hours) after which you can tap again & it displays ON (ON in this context means the heated towel warmer is functioning without any specific time limit but instead affected only by the temperature you may have selected above)
- Turn off: Hold down the power button for 3s to turn off

Temperature Compensation (F0):

- In off state, hold down clock button for 10 seconds to set up. Default is "0". Tap the clock button to choose "5" or "-5".
- Tap the power button to confirm and exit temperature compensation settings.

Recommended Use & Care

To keep your towel warmer functioning at its best, it is important to properly care for and clean it regularly. Here are some care and cleaning instructions for your towel warmer:

Turn it off- Safety always comes first, to avoid scalding yourself or creating an electrical risk, make sure your heater is turned off and be sure to thoroughly dry the appliance at the end of the cleaning process.

Use a soft cloth to remove dirt- Over time, dirt and dust will build up on your towel warmer. Make sure it's wiped away!

Apply cleaning solution and wipe clean- Most marks will come out with a bit of elbow grease. If you have water marks, use a glass cleaner to get rid of them. Use warm PH-neutral soapy water or a good non-abrasive cleaning spray to do this so it doesn't damage the surface.

Use a toothbrush to reach tricky areas- To remove grime from the hard-to-reach nooks and crannies, use an old soft-bristled toothbrush and get scrubbing.

Dry and polish with a microfibre cloth- Use a soft cloth to dry the appliance, making sure any streaks are wiped away. If your towel warmer has a chrome or metallic finish, take extra care to polish it working in circular motions using a towel.

Products to Consider for Cleaning:

- Metloshine®
- CIF® Cream
- Dishwasher soap

THANK YOU!

For Choosing

MORZZE

Beyond Excellence...

To help ensure that you remain as happy with your Morzze purchase as the day it was installed, please follow the care and cleaning instructions and tips specific to your product.
